COUNTY NEWS

The county commissioners met at Marlboro' last Tuesday and passed the following orders: THE DUMBLANE RACES.

They Were Run Yesterday Over a Heavy Track—A Small Attendance.

After early in the day authorizing the published statement that because of the rain the races would be postponed until this afternoon the management of the Dumblane Club decided later in the day to run the races yesterday afternoon, and the consequence was that barely 200 people witnessed them. It was an unfortunate mistake of judgment, and deprived the hundreds of people who would have taken advantage of the ideal racing of today to be present this afternoon. It is hoped that the club will remedy the mistake by giving an extra day's racing. A section of the Marine Band was present, and its music was a feature of the day.

Six races were run, but owing to the terrible going fourteen of the horses entered were drawn. Senator Blackburn, Representative Sanford of New York and Mr. Rob't Neville again occupied the judges' stand.

For the first race, the hack handicap, at a mile, but three started—Louis (Mr. W. C. Enstie), Dandy (Mr. Maddux) and Ranger (Mr. McCauley). They finished in that order, the winner junnying off in the lead and never relinquishing it, winning by two lengths, four between second and third. Time, 2014, Mutuals paid \$44.95.

In the second race, the A. P. R. A members handicap for ponies not exceeding 14.1, half a mile, four starters, and although the favorite, Champa (Mr. Hayes), got much the better of the start. Foresight (Mr. White) beat him by two lengths, four again composed the field. Freddie Gebhard's Rosarium (Mr. Maddux) and faringer and ponies not exceeding ifteen hands, four again composed the field. Freddie Gebhard's Rosarium (Mr. Maddux) to the faring the first Tuesday and paness of the same to be paid out of the levy for and printing the public roads and the same to be paid out of the levy for roads in said strict; that the board meet on Tuesday, the district, for an appropriation to repair and open for some exceeding 14.1, half a mile, four starters, and although the favorite, Champa (Mr. Hayes), g That a reward of \$100 be offered for the appre-

and Piscataway road, a distance of about four miles.

The orphans' court was also in session at Marlboro last Tuesday and transacted the following business: That Mrs. Mary Berry be appointed guardian to her minor children; that the first and final account of Phil W. and R. B. B. Chew, jr., administrators of Wm. H. T. Chew, be passed; that the first and final account of Thomas N. Young, administrator of John R. Timmons, be passed; that G. W. Brandt and T. M. Underwood be appointed appraisers of the estate of John H. Bocock; that the first account of Mary Berry and J. Alfred Osborn, adcount of Mary Berry and J. Alfred Osborn, ad-

estate of John H. Bocock; that the first account of Mary Berry and J. Alfred Osborn, administrators of Jesse T. Berry, be passed.

Mr. Davis of Washington and Miss Middleton of Branchville will be married in Branchville next Wednesday.

A pleasant entertainment was given at the public school in Branchville a few evenings ago for the benefit of the library and organ fund of that school. Quite an extensive program was carried out before a large and appreciative audience.

The loss of life was appalling. A large number of persons were caught in the falling houses and crushed to death, while others lost their lives by being struck by flying debris. Never

and crushed to death, while others lost their lives by being struck by flying debris. Never before in the history of the island has such a warring of the elements been known. The exact number of dead is not known. Every effort is being made by the authorities to alleviate the suffering. The governor has issued orders for military tents to be distributed to shelter the homeless, and food is being issued to those who have lost everything by the storm. Half of the crops of sugar, rice, coffee and pepper have been utterly ruined and the loss in this direction is extremely heavy.

Among the stranded vessels were the following: The British steamer Pontakotn, the Umballa, the bark William Wilson, steamer Oaklands, the schooner Paula and the bark Princess Wilhelmina. All these vessels were slightly damaged. The vessels still aground are the bark Strathspey, the ship Leander, the ship Eurydice, the steamer Amaranth and the steamer Gladiator.

Mauritius, or Isle of France, is an island bestonging to England, in the Indian ocean, about 500 miles east of Madagascar, and 2,700 miles from the Cape of Good Hope. Its length from north to south is 39 miles and its greatest breadth 27 miles. In 1872 it had a population of 326,454. Port Louis is the capital and the port through which all the foreign trade is carried on. The population is a mixture of Africans, various Asiatic people and European races of all sorts. Several thousand Hindoos are there, who work the sugar plantations. It is a picturesque island, having lofty ranges of hills and three chains of mountains, which vary from 1,800 to 2,800 feet above the sea. The land is probably of volcanic origin. The climate is salubrious, the mean temperature being about 74 degrees. Between December and May hurricanes are common. In March, 1818, and February, 1824, hurricanes did great damage to property and many lives were lost. A cyclone in March, 1868, destroyed 3,000 fine buildings and 20,000 huts and killed about one hundred people. The trade is in sugar, indigo, fruits and wood

> GROGAN'S CREDIT HOUSE.

819, 821 and 823 7th st. n.w., Is the model establishment of its kind in the country. It is the only Credit House in the Destrict that publishes a price list, and the closer its CREDIT PRICES are compared with CASH PRICES the more friends it wins. Here are a few articles that are especially interesting at this search of the year.

Refrigerators First.

We carry every size that's made, and the prices run from \$6 to \$50. They are built by Annizer \$ \$00. and took first prize in the Paris Exposition, 1889. Pretty good gnarantee, don't you think? MATTING. LINOLEUM & OILCLOTH. We never offered so many patterns to select from before. None but good, reliable qualities. Made and laid free of extra cost.

BABY CARRIAGES THIRD.

BABY UARRIAGES THIRD.

They are not a side issue with us, but one of our special features. You'll be surprised at the number of handsome patterns we are showing. More than seventy-five new designs to select from Prices rance from \$12 to \$35. All sold on credit.

That Plush or Hair Cloth Parlor Suite for \$28 cash or \$30 on time is the best value for the money we have ever seen.

Our High-strade Parlor Furniture, in Brocatelle Tapestry and Wilton Rug, is 25 per cent lower in price than you can find elsewhere. See if we are right. Our Brussels Carpet at 60c. a yard cash or 65c. on time cannot be approached in quality at this price elsewhere. Silendid Ingrain Carpet, 35c per yard cash, 40c. on time. All Carpets made and laid free of extra cost. No charge for waste in matching figures. We've got enough Bed Room Furniture to stock a good-sized store. We'll mension just one suite of 3 pieces in solid oak that sells for \$17 cash or \$18 on time. It doesn't matter what you want—if it can be classed under the head of Housefurnishines, we've got it, and it'll pay you to look up our prices before you buy. Our terms require no notes. We require a small cash payment at time of purchase, and the balance may be arranged to suit you. Small weekly or monthly payments. Six per cent discount for settlements made within thirty days.

TAKE A LITTLE ADVICE—FUST THIS One time, and see if you will regret it. You have been having considerable trouble of late with your feet. That corn of yours is tired of being cramped up in tight shoes, and it worries you. Here's the advice: Go to WILSON & CARR'S, 929 F st. n. w., and get a pair of their \$3.50 Shoes. They are comfortable from the very beginning; and may be had in broad, medium or narrow toe—dull or glass finish for ladies. They are neat and dressy in appearance and will outwear many higher-priced shoes. Wear one pair of them and you will be mighty Hable to go back and set another when they are gone.

CROWN AND BRIDGE WORK OR TEETH WITHOUT PLATES.

Toeth that have decayed and broken away may be
operated upon by this system; crowns engrafted upon
the roots given a new lease of life and made as good
and serviceable in every way as natural ones. To be a
success in artificial crown must be so constructed that
it shall permanently arrest decay at the broken end of
the root and strong enough to prevent splitting of the
root or breaking loose from its attachments. We claim
that our crowns have all these requirements, and when
combined with bridge work, which consists in supplying teeth that have been extracted, makes the most
beautiful and durable appliance ever devised as a
substitute for the natural teeth; all this without a
plate to cover the roof of the mouth. The advancement in dentistry has been great in the last few years.
We have kept pace with these improvements and the
patients of the Evan Parlors are assured of receiving
the benefit of these, practiced and applied in the most CHESAPEAKE AND OHIO RAILWAY.
